

ETV eMedia Update April 2013

K–12 and Professional Development Resources
South Carolina Educational Television

IMPORTANT NOTE for Media Specialists, DES Personnel and all Educators ...

Due to a recent reorganization at the SC Department of Education, eMedia (ITV) is now part of the SCDE office of virtual education and most of the team members have been reassigned new duties.

South Carolina Educational Television will continue to serve teachers and students by providing some of the services previously coordinated by SCDE's eMedia team. The K-12 Instructional Media Channel (IMC) will continue to be scheduled, programs will continue to be posted online in *StreamlineSC* and information about program content/delivery will be provided in online update for this month and May. Also, the eMedia Teacher Recertification Courses will be provided by SCETV (see page 3).

Thank you for your patience as we work to make this transition. If you have questions, please contact ETV Education at 803-737-3245, toll-free 1-800-761-8132 or email Eral at jones@scetv.org.

In Our Schools – 2013-14 SC Teacher of Year

April 28, 1:00–1:57 p.m. ETV-HD

Also access in *StreamlineSC* after May 6

Repeats May 5, 3:00–3:57 p.m. SC Channel (SCC)

Repeats April 29, 9:30-10:27 a.m., May 2, 12:00-12:57 p.m., and May 9, 11:00–11:57 a.m. IMC (Unlimited rights)

The five finalists for South Carolina Teacher of the Year 2013-2014 will be featured in the April 28th edition of **In Our Schools**, the South Carolina Department of Education special series produced with ETV that focuses on positive educational initiatives in our SC schools. Interesting interviews about teaching styles, changes and challenges in education, and what has made each educator successful, along with footage in their classrooms, provide insight into why teaching is the chosen career for these outstanding educators.

Meet **Lisa McCrea-Raiford**, a third through fifth grade teacher at the Center for Innovative Learning at Pinecrest in the Aiken County School District; **Darleen S. Sutton**, a first grade teacher at Pickens Elementary School in the Pickens County School District; **Paul D. Johnson**, a 9-12th grade biology teacher at Saluda High School in the Saluda County School District; **Trevor T. Ivey**, a 7-8th science and ProTeam teacher at Alice Drive Middle School in the Sumter County School District; and **Jeffrey M. Venables**, a 10-12th grade chemistry teacher at Northwestern High School in York School District Three. Don't miss this opportunity to meet these exceptional teachers who represent all our fine SC educators as they share their passion for teaching in this special edition of **In Our Schools**. Please access this program for your administrators, teachers, teacher cadets, and school community!

See page 3 for information on ETV Teacher Recertification Courses for Summer 2013. These courses were offered by eMedia, but are now provided and managed by ETV. See list of courses on pages 34-35. For more info: www.scetv.org/education/emedial.

ETV Teacher Recertification Courses - Summer 2013

- **Earn Renewal Credits - Summer Session July 10 through September 4**
- **Registration opens June 19**
- **Go to: <http://www.scetv.org/education/emedial>**

The recertification courses previously offered by eMedia are now provided and managed by South Carolina Educational Television. Due to a recent reorganization at the SC Department of Education, the eMedia team was dissolved and most of the team members were reassigned with new roles to the SCDE office of virtual education. Therefore, ETV began facilitating the courses in April.

ETV will offer one-hour (20 renewal credits) teacher recertification courses during an 8-week summer session that will begin July 10 and conclude September 4. Cost for each course will be \$50. Registration will open June 19 and end July 3. (These courses are the same courses previously announced in the *eMedia Update* and online. The content remains the same.)

The teacher recertification courses are for certificate renewal credit only. NO graduate credit is available. PRIOR to registration, participants must work with their district professional development coordinator or SCDE Office of Certification, Retention and Preparation analyst to ensure the course(s) selected will meet their individual certificate renewal or professional development needs.

The courses will be accessed online in Moodle. Participants view course videos and complete discussion questions related to the video lessons via discussion forum in Moodle.

For a complete list of courses that will be offered this summer, see pages 34 and 35 in this update. Course titles include: *The Missing Link* – for math teachers of grades 5–8, *Connecting with the Arts: A Teaching Practices Library* - for grades 6–8, *Teaching Multicultural Literature: A Workshop for Teachers* – for grades 6-8, *Essential Science for Teachers: Physical Science* – for grades K-6, *The Economics Classroom* – for grades 9-12, along with the SC History Series courses: *SC Chronicles Series I: Geography, Native Americans & Colonial Period*, *SC Chronicles Series II: The Winds of Discontent*, *SC Chronicles Series III: Post Revolutionary*, *SC Chronicles Series IV: Civil War*, and *SC Chronicles Series V: Art and Culture*.

For course information and registration, go to www.scetv.org/education/emedial. Look for the link “Recertification Courses.”

Riverbanks Roundup Programs for April

The South Carolina Department of Education and SCETV work with our outstanding Riverbanks Zoo and Garden Education team to produce these educational programs! Please make sure your elementary teachers and science specialists know about this series that can support standards in grades K–6 and is also a great resource for middle school and older students. All programs in the series can be accessed online in *StreamlineSC*. Your students are invited to e-mail questions to RiverbanksRoundup@Riverbanks.org.

- **Riverbanks Roundup – Animal Survival Tactics**

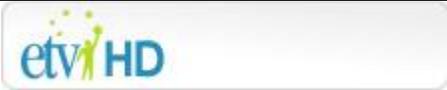

Repeats April 2 and 16, 10:00-10:27 a.m. Also online in *StreamlineSC* (Unlimited rights)

Riverbanks Roundup – Animal Survival Tactics allows students to discover that Planet Earth is wild and animals need to be ready to survive! We'll explore Riverbanks Zoo to meet snakes with night vision, zebras that hide and tigers born to hunt! Plus, learn about many more wild animals and plants that have the ultimate survival tactics.

- **(NEW) Riverbanks Roundup – Unappreciated Animals**

April 26, 5:30–5:57 p.m. ETV-HD Also online in *StreamlineSC*
 Repeats April 28, 3:00–3:27 p.m. SC Channel (SCC)
 Repeats May 1 and 8, 11:00–11:27 a.m. IMC (Unlimited rights)

Riverbanks Roundup – Unappreciated Animals is a new program that looks at the specific jobs of animals in our ecosystem! Each animal has a special job, making it an important part of the overall “puzzle” of nature. Join the Riverbanks crew as we take a look at hyenas, starfish and giraffes to see how they each play an important role.

ETV Channels with Programming Schools Can Use!		
		
<p>ETV's main channel in high definition presenting national programs as well as regional and local interests.</p> <p>(Referred to previously as ETV “open circuit” . . . now listed in <i>eMedia Update</i> as just ETV)</p>	<p>The SC Channel (SCC) is dedicated to programs for and about South Carolina along with the best of cooking, travel, gardening and how-to programming during the day.</p>	<p>ETV World (ETVW) presents a local, national and international perspective on news and public affairs.</p>
<p>To find the appropriate channel for your service area go to http://www.sctv.org/television/schedules.cfm. Select your service provider and then click on “channels” to see where to tune in. (Unless specified ETV programming has one year fair-use educational rights from initial broadcast.)</p>		

Colonial Williamsburg Electronic Field Trips 2012–13

The Industrious Tradesmen Airs April 11 on IMC and SC Channel

The CWEFT programs use 21st century technology to enrich the teaching of history and social studies. The field trips are correlated to national standards and provide a compelling learning experience for grades 4-8, using re-enactors to play the roles of historical figures. By paying the fee to participate, schools get the outstanding teacher materials, get to keep the recorded program for the life of the tape and have access to the re-enactors and historians online and via a toll-free number. Schools pay approximately \$500 per school for all seven programs, but rights for individual programs can be purchased. For information on paying the fee to participate in CWEFT, contact Dale Van Eck at CWEFT 1-800-761-8331 or dvaneck@cwf.org.

Congratulations to Becky Lebron at Moultrie Middle School in Mt. Pleasant, **Kim Guthrie at Granard Middle School** in Gaffney and **Lindsey Moore at Covenant Classical Christian School** in Columbia for receiving a scholarship for their schools to use the CWEFT series this year!

***Special NOTE:** ETV no longer airs this series on ETV-HD. The programs will air on the K-12 IMC at 10:00 a.m. and 1:00 p.m. and also on the SC Channel at 7:00 p.m.

Revised Broadcast Schedule: 10:00-11:00 a.m. & 1:00-2:00 p.m. on IMC and 7:00-8:00 p.m. on the SC Channel (SCC)*

April 11, 2013 *The Industrious Tradesmen* – Follow the lives of several journeymen fresh from their apprenticeships in trades and business as they learn how skill and opportunity will impact their careers. Who will achieve their dreams and become masters of their own shops?

RIGHTS: SC schools may view with 10-day fair use rights. (Can record, but program must be used within ten days and erased/destroyed within 45 days.) ONLY schools that get a scholarship through SCETV OR pay CWEFT to participate can keep the copy of the program(s) for the life of the tape/DVD, receive the guides, get online access, and have phone interaction with the historians.

***Apply for a scholarship for the CWEFT 2013–14 (all 7 programs!)**

The scholarship entitles your school the rights to access the excellent teacher materials and participate online/via telephone during all seven programs. Your school may also keep the recorded programs for the life of the tapes/DVDs. To apply for a scholarship for your school, send your name, school, district, @ number of students that would use program to bjamison@scetv.org by September 10. We have only three or four scholarships available so please contact us if your school has never received a scholarship for these programs before and you would like the opportunity to be selected to receive all seven programs free!!

Since there are only a few scholarships, talk to your PTO about sponsoring CWEFT. SC schools can receive all seven programs for @ \$500. Though schools may view FREE and record programs with 10-day fair use rights (see rights above), there are advantages to paying the fee to Colonial Williamsburg to participate: schools get teacher materials, get to keep the recorded program for the life of the tape/DVD and have access to the re-enactors/historians online and via a toll-free number. Call Mr. Van Eck at CWEFT 1-800-761-8331.

Project Discovery Previously Announced for May 21 - Canceled

This new program previously announced for air on May 21 will NOT be produced as planned. We apologize if you were planning to use this program. Please search "Project Discovery" in *StreamlineSC* to find previously produced specials. On May 21 at 1:00 p.m., we will repeat at special edition of **Project Discovery** that aired previously. Look for info in the May edition of the *ETV eMedia Update*.

Teen Kids News 2012–13

(Unlimited broadcast/off-air record – no duplication)

This current events series on news from around the world is hosted by teens and provides information to kids in an educational and entertaining manner. Word segments build vocabulary and "WORK-IT" segments focus on careers. Produced in partnership with *Weekly Reader Magazine*.

Slim Goodbody's Daily Almanac – 2013 Schedule

These programs are aired in a block feed ten at a time the month BEFORE they are designed to be used. For example: May programs air April 9 (see below).

Jump start the school day with **Slim Goodbody's Daily Almanac**. This fact-filled, educational series hosted by Slim Goodbody will engage students and support teaching objectives in social studies, language arts, health, science, math, civics, and character education. Recommended for grades K–5 and great to use in your school news programs! Each program is loaded with high-interest information presented in a lively format combining music, archival visuals, artwork, photos, and animation. Please let your elementary teachers know about this series! .

There is a separate five-minute program for every day. Each daily program contains five unique segments:

- This Day in History (Social Studies)
- Word of the Day (Language Arts)
- Extremes (Science)
- Health Tips (Health)
- We the People (Civics and Character) or Earth Alert (Environment)

RIGHTS: Unlimited broadcast/off-air record, but no tape duplication. Available in *StreamlineSC*, but NOT downloadable.

Earth Day Specials - Access in *StreamlineSC*

Please check with your district's DES (Digital Education Services) personnel about these programs or access online in *StreamlineSC*. (All provided with unlimited rights.)

- **Project Discovery – SC Aquarium & Capers Island**

This special program was produced from the SC Aquarium and Capers Island for May 2012 to allow students to visit the SC Aquarium in Charleston to find out what is new as we look at wetlands and water creatures and also explore beyond the classroom at Capers Island with Clay Hill Middle School students! The salt marsh is one of the most diverse and amazing ecosystems, home to birds, turtles, fish, crabs, and even dolphins! This working environment helps to keep our water clean, protects land from erosion and even acts as a nursery for young animals before heading out into the deep blue sea. Get up close and personal with some of the most amazing salt marsh inhabitants when we visit the SC Aquarium! Also, we'll explore beyond the classroom, taking a field trip to a barrier island with students from Clay Hill Middle School in Dorchester School District Four. The students experience an outdoor field investigation where they use science and math to explore the environment first hand. We'll get to join in as two education specialists with Barrier Island Eco Tours allow students to see, taste and touch as they learn about the wetlands and creatures in the marsh and sea! Plus Rudy Mancke, Naturalist in Residence at USC and former host of ETV's **NatureScene**, will be on hand to provide interesting information during this special program that is great science content for students.

- **Project Discovery – Get Ready for Earth Day 2011**

This special program was produced from the ETV studios to get South Carolina students ready for Earth Day 2011, helping them realize that one person - no matter what age - can make a difference! Guests include **Rudy Mancke, naturalist**, and **Riverbanks Roundup host Katie Mixon** as we talk about the history of Earth Day, take a look at what schools are doing to make a difference and journey to Riverbanks to learn how conservation is important to their thriving animals and habitats. We'll even meet nature-wise guy **Environmental Ed** who invites students to "leave no friend inside as they gently walk the Earth" and get to chat with Rudy Mancke who hosted **NatureScene** from the site about the Chernobyl nuclear incident that happened April 26, 1986.

- **Project Discovery – Earth Day 2010 from Congaree National Park**

Produced from Congaree National Park in April 2010, this program features naturalist Rudy Mancke and a Park Ranger who take students on a field trip to learn the history, experience champion trees and biodiversity, and talk about conservation of the largest remnant of old-growth floodplain forest remaining on our continent. Recommended for grades 3–12, this program is great science content about our midlands National Park!

- **Project Discovery – Earth Day 2009 from Banks of the Congaree River**

Produced from the banks of one of our scenic South Carolina rivers in April 2009, this program features Rudy Mancke and special guests as we talk about conservation of our river waters and explore activities that we can enjoy on and around them while experiencing their serenity and beauty. We even meet a river keeper whose job it is to care for this important resource so it will be here for future generations.

- **Eco-Jeopardy (Earth Day 2008)**

This program, produced in 2008 by DHEC, focuses on the environment in a fun and educational format! Host Alex Youbet moderates the "Jeopardy"-style game that involves students in the content and showcases DHEC's commitment to environmental education for our South Carolina students. Designed for grades 3–8, this program is a great resource to use with students in celebration of Earth Day. If you missed it, be sure to access now!

- **Earth Day Today (2003) Program**

This program was produced in a "Today" show format and features short segments with student hosts. It received several awards because of its neat, fast-paced format that conveyed key information. This program, as well as the 2008 program, was produced by DHEC for South Carolina students!

- **Holiday Facts and Fun – Lesson 11 *Earth Day***

The 12 programs are designed for grades K–4 and are a perfect way to help young children understand the way certain holidays are celebrated. Lesson 11 is entitled *Earth Day* and is about 12 minutes in duration.

Access these programs online for Earth Day!

Environmental Ed is a video-based resource for elementary and middle grade students! Produced by the State Department of Education and ETV, this series of short, fast-paced programs challenges students with facts, stories, investigations, questions, and Eco-quests as host “Environmental Ed” invites them to “leave no friend inside and carefully walk upon the earth.”

“Environmental Ed,” an energetic and friendly nature-wise guy, welcomes students to his Nature Shack where they explore the world around them and learn about biodiesel sources, eco footprints, snake myths, many types of rocks, the truth about spiders, healthy food chains, and much, much more!

Short Takes with Naturalist Rudy Mancke

Access online in *StreamlineSC* (Unlimited rights)

Naturalist Rudy Mancke, renowned for his work on South Carolina ETV's *NatureScene* series, talks a tad about some of his favorite creatures, sharing his enthusiasm for nature and his knowledge about fascinating things all around us in SC. From his office at the University of South Carolina that is filled with artifacts and creatures of every size and description, Rudy shares a minute of information on interesting science topics!

1 – Loggerhead Sea Turtle (duration 1:20)

The Loggerhead is SC's State Reptile! Rudy shows a turtle skull like you might see washed up on a beach to give us his take on how they get a meal since they don't have teeth!

2 – Horseshoe Crab, Part 1 (duration 1:26)

Did you know that horseshoe crabs are related to scorpions? Rudy lets us examine this common SC creature as he gives us his take on what makes their blood very special!

3 – Horseshoe Crab, Part 2 (duration 1:27)

What we see on the beach is really the horseshoe crab's exoskeleton! Rudy provides more information on this interesting creature as he gives us his take on how they grow to adulthood!

4 – Shells – Bivalves & Univalves (duration 1:31)

Do you know the two types of shelled animals? Rudy shows us and explains how they both feed as he gives us his take on the difference between bivalves and univalves!

5 – Fossilized Bivalve (duration 1:44 minutes)

What in the world is this? Rudy poses this question as he shows a form that could be mistaken for many things and gives us his take on a cast from an ancient ocean!

6 – Brown Pelican (duration 1:30)

What is this funny shaped, light-weight bone? Rudy relates a story about what this bone could be as he gives us his take on why the brown pelican has a special pulley bone!

7 – Sponge “Dead Man’s Finger” (duration 1:13)

Did you know that the sponge is an animal? Rudy tells us about what the simple sponge is made of as he shows and gives us his take on a “dead man’s finger!”

8 – Sea Urchin (duration 1:24)

What creature likes to eat this spiny echinoderm? Rudy shows us a fossilized sea urchin as he gives us his take on this creature that is a favorite on the seagull menu!

9 – The State Shell (duration 1:29)

Do you know what the SC State Shell is? Rudy lets us examine the SC and the NC state shells as he gives us his take on why they were given their names!

10 – Moon Snail (duration 1:25)

What common marine snail is sometimes called a “shark eye?” Rudy shows the Moon Snail as he gives us his take on this predator and how it manages to survive!

Nature Comes Back – 25 Years After Chernobyl ...

Three Programs for Anniversary of Chernobyl Incident – Access in *StreamlineSC*

Please let your high school science and history teachers know about these special programs!
(All with unlimited rights)

Program Titles for Nature Comes Back – 25 Years After Chernobyl:

Program One – Pulling Back the Curtain (26:46)

Program Two – Reflecting on the Impact (26:46)

Program Three – Observing the Return of Life (26:46)

Twenty-seven years ago on April 26, 1986, the largest nuclear disaster in history took place behind the Soviet Iron Curtain. The SC Department of Education worked with USC and ETV to produce these three programs that “pull back the curtain” with a special panel of experts, including naturalists, scientists, journalists, and historians, to allow students to learn about the effects Chernobyl had on the nature, nuclear science, US-Soviet relations, and the people who called it home.

Rare photos and video captured by ETV in partnership with USC take students across the world to an area that was devastated by an accident of catastrophic proportions, but, over time the people and nature have returned. Hosted by Mark Quinn, the outstanding participants in the series include:

- **Charles Bierbauer**, Dean of USC’s College of Mass Communications and Information Studies, who was CNN’s senior White House correspondent in 1986 at the time of the Chernobyl incident and reported on President Reagan’s trip to Indonesia and Japan as Chernobyl’s radiation cloud drifted across two continents.
- **Dr. Tim Mousseau**, USC Professor of Biological Sciences, who has made numerous trips to Chernobyl to study the impact of radioactive contaminants on the area and is a leading authority on the impact of radioactivity on birds and insects in the area surrounding Chernobyl.
- **Dr. Gordon B. Smith**, USC Professor of Political Science and Director of the Walker Institute of International and Area Studies, who is a noted authority on Russian politics and author of numerous books including “Soviet Politics: Struggling with Change” and “State-Building in Russia.”
- **Dr. Eduardo B. Farfan**, Principal Engineer in Environmental Studies and Biotechnology at Savannah River National Laboratory, who worked with the Chernobyl Center’s International Radioecology Laboratory and lived in nearby Belarus for five years.
- **Sherry Beasley**, Grants Director and Foundations Coordinator for the Clemson University Provost, who made four trips to Chernobyl to chronicle and report on the activities in the area and wrote feature articles for *The State* and other media.
- **Allen Sharpe**, Director of Photography for ETV’s **NatureScene**, whose photographs from his visit as part of the ETV crew that produced programs in Chernobyl and Kiev are used in the programs.
- **Rudy Mancke**, Naturalist-in-Residence at USC, who was the naturalist on ETV’s series **NatureScene** that aired nationally on PBS for twenty-five years and who made four trips to Chernobyl to document the natural history.

“I think we had an incredible opportunity that most people couldn’t have because we were able to take our camera to see what other people hadn’t seen before,” **Rudy Mancke**, naturalist and host of **NatureScene**, said. “We had the support of the Ukrainian government and, I believe, our program on Chernobyl is the only thirty-minute program on the Natural History – looking at the plants and animals - of the event that has been done.” Featured in the programs are footage and photos from when **NatureScene** visited the site of the reactor in 2003 and then traveled to the nearby capital city of Kiev to look at human and natural history.

Chernobyl was evacuated and fenced in to keep people out. But since April 26, 1986, nature has shown its resiliency with the plants and animals returning to the deserted site. And, re-settlers have returned too. In Kiev about 60 miles away, the ETV crew got to see how plants with American “roots” were thriving while they looked at the history of the capital city and how it was also impacted by the reactor disaster.

Nature Scene: Chernobyl & Kiev in *StreamlineSC*

NatureScene: Chernobyl and **NatureScene: Kiev**

Access both of these special programs online in *StreamlineSC* (Unlimited rights)

Rudy Mancke and the ETV **NatureScene** crew visited the Chernobyl site in 2003 and traveled to the nearby capital city of Kiev to look at human and natural History. These programs are a good companion to the “Nature Comes Back” series announced on the previous page.

Other Resource: Events of the 20th Century - Chernobyl

Access online in *StreamlineSC* (Unlimited rights)

Program 2 in the **Events of the 20th Century** series is entitled **Chernobyl** and focuses on the event and its impact. Recommended for students in grades 7-12, the fifteen minute program uses archival footage and interviews to provide students with a unique look at the momentous occurrence.

Champions of the Environment Rewards Restoration Projects

Several schools in South Carolina are restoring natural habitats with the help of grants from Champions of the Environment. Ocean Bay Middle School in Myrtle Beach was awarded a grant for their Salt Marsh Restoration project. Seventh grade science classes will grow saltmarsh cordgrass from seed in the school’s greenhouse and then transplant them to Huntington Beach State Park to stabilize the ecosystem.

Gateway Elementary School in Traveler’s Rest also received a grant award for their Bunched Arrowhead Restoration project. Students will preserve the habitat of the endangered plant, bunched arrowhead, which has been impacted by storm water runoff from the school’s parking lot. The runoff will be channeled to a rain garden constructed with native plants to infiltrate pollutants.

Greenwood’s Eleanor S. Rice Elementary School will use their grant award to prevent erosion through their Meadow Garden Expansion project. Fourth and fifth graders will use erosion control “socks” and mulch to stabilize the soil, correcting problems caused by storm water runoff.

For more information about these projects and the Champions of the Environment Program, visit www.scdhec.gov/champions. Champions is sponsored by SCDHEC and other partners.

Programs on Study Skills for Middle School Students

Access these programs online in *StreamlineSC*

Programs 8 and 9 in **Becoming Successful in Middle School** are entitled *Developing Good Study Skills, Part One and Two*. These two programs instruct middle school students on tried and true methods that will help them study more effectively and achieve higher grades. The six basic skills highlighted are: how to prioritize and manage your time; how to use the library to your best advantage; how to study using textbooks; how to take better notes; how to listen effectively; and how to take tests. Part One (lesson 8) begins with critical in-class skills, moves on to techniques for studying at home and then covers effective test preparation (19:31 in duration). Part Two (lesson 9) explores how to be more efficient in writing research papers and using the library or Internet appropriately (17:53 in duration).

Detective Bonz and the SC History Mystery

Access this series in *StreamlineSC* (Unlimited rights)

When teaching your third grade students about SC history use **Detective Bonz and the SC History Mystery** to review! These locally-produced programs are some of the most-used resources in *StreamlineSC*. Be sure to check out the great “Regions” song featured in Episode 5. The music for the original song can be found in the online teacher’s guide along with recommended supporting activities.

The six episodes are each approximately twenty minutes in duration.

Episode 1 - Spends time setting up the story that unfolds in remaining episodes & talks about ancient SC.

Episode 2 - Focuses on early settlers, Spanish explorers, Lords, Proprietors, Charleston, and pirates.

Episode 3 - Covers the Revolution, Columbia as the new capital, the upcountry, and low country.

Episode 4 - Looks at the Civil War era, including the Underground Railroad, John C. Calhoun, and Abe Lincoln.

Episode 5 - Showcases farming, textiles and tourism, including a great song about SC regions.

Episode 6 - Students compete in an ETV game show where they learn more about recent history.

If you don’t have this series, record it now or go online to access it in *StreamlineSC* or contact your local DES because they may have it on hand to dub for you! There is a comprehensive teacher’s guide to use with the series. Please access teacher’s guide online in *StreamlineSC*.

April is National Poetry Month – Some Suggestions in *StreamlineSC*

- For students in grades 4–6, teachers can look at **Club Write** lesson 4 *Poetry*. This series serves as a comprehensive support for developing writing skills in preparation for high school. These are all in *StreamlineSC*. (Unlimited rights)
- For middle and high school students, teachers can look at some of the poets that are part of the **Writer’s Circle** series that was produced by WRJA-TV in Sumter. One hundred and seventeen lessons are part of this series and there are some poets included among the writers. Many of these lessons are now available in *StreamlineSC*. (Unlimited rights)
- Also, check out the locally-produced series **A Literary Tour of SC** recommended for grades 5–12. Students can meet some poets in this group of nationally-recognized authors who call our state home. See list on pages 15 and 16 in this update! These are all in *StreamlineSC*. (Unlimited rights)

Thomas Jefferson – Specials to Celebrate April 13

- **Project Discovery: Revisited - Mr. Jefferson’s Monticello, Part 1 and 2**
(Unlimited rights) Available online in *StreamlineSC*

Two programs produced by ITV and ETV in the **Project Discovery: Revisited** series are recommended this month to honor our third President Thomas Jefferson since his birthday is April 13th! These programs, **Mr. Jefferson’s Monticello, Part 1 and 2**, both take students into the famous home of Jefferson to see what Monticello looks like today and examine all the interesting and keen inventions that this Renaissance man made a part of his renowned Charlottesville Virginia home. We’ll also look at the grounds that are not far from the University of Virginia, which he founded. Education guides give us insight into the life of the family and all who lived and worked at Monticello in the late 18th and early 19th centuries. These programs are recommended for grades 5–12.

- **America’s Early Years, 1789-1816 – America Under Thomas Jefferson, 1800–1808 (Lesson 3)**
(Unlimited rights) Available online in *StreamlineSC*

Through this series, students in grades 5–12 can examine the important process that established our federal government. The programs provide an in-depth historical study delving into history to see the impact the events of the era had on our nation. Other programs in the series focus on the beginning of our nation, the changing world, James Madison, and the Southern Plantation Way of Life.

Specials Programs for Holocaust Remembrance Month

April is National Holocaust Remembrance Month. The following programs, which are all recommended for students in grades 5–12, can be found in *StreamlineSC*. (All with unlimited rights)

- **Paul Argiewicz: Holocaust Survivor**

In 2004, Paul Argiewicz, a Holocaust survivor from Salem, Wisconsin, visited friends in Newberry and allowed his story to be taped to share with students. His personal history is remarkable and his love for our country is truly an inspiration to us all. This program does not contain any graphics or historical photographs. Mr. Argiewicz is just on camera. His words are powerful and his message is one that should be shared with middle and high school students. Since he does deal with sensitive material, please advise teachers to preview this program before using it in the classroom.

- **Dum Spiro, Spero – While I Breathe, I Hope**

This half-hour program was produced by ETV with the SC Governor’s School for the Arts and Humanities and uses the arts to pay tribute to the victims of the Holocaust. The program includes music, dance and the spoken word performed by 115 residential students from the school.

- **Seared Souls: Voices of the Holocaust**

Nine lessons, each between 5 and 16 minutes, feature interviews with South Carolinians who experienced the horrors of the Holocaust. The victims and liberators tell their stories to help us better understand this tragic period in history. (Teachers are advised to preview before use.)

Financial Success Series for High School Students

Access online in *StreamlineSC* (Unlimited rights)

Two programs have been grouped to form a series entitled **Financial Success Series**. Designed for grades 9–12, **Tools for Financial Success** is lesson 1, which provides simple tools that anyone can use to improve his or her financial position. Lesson 2, entitled **Credit and Credit Cards**, offers students straight talk about responsible use of credit cards and gives errors to avoid.

ITV Classics – Baseball with Bobby Richardson

Access these programs to use with your students in grades 5-12. They provide good lessons in character education while spotlighting a true legend who was raised in and remains in our state.

Program 1 - **Baseball with Bobby Richardson: First Inning**

Program 2 - **Baseball with Bobby Richardson: Mickey Mantle**

Program 3 - **Baseball with Bobby Richardson: Baseball Legends**

Program 4 - **Baseball with Bobby Richardson: The Coach**

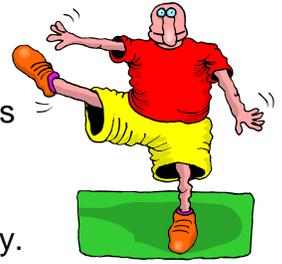

(Unlimited rights) Access online in *StreamlineSC*

ITV Classics is a series of programs that have been “rescued” from the ETV tape vault! These programs were produced years ago. David Moore, producer/director, added new footage and interviews with key “players” to bring these special programs to life again.

Bobby Richardson had a great career in pro baseball as a New York Yankee star infielder, coached the Gamecock baseball team in the 1970’s and now enjoys retirement in Sumter where he grew up! Mickey Mantle is one of the great role models with Bobby in the teaching sessions.

Deskercise – Students Exercise at Their Desks!

Designed for elementary students to use while standing at their desks!
185 interactive lessons - ten minutes each and built around 37 weekly themes
Unlimited broadcast/off-air record rights, including duplication rights
(NOT available in *StreamlineSC*)

- Five 10-minute lessons in each theme so educators can use one each day.
- Each interesting lesson includes a warm-up and cool-down segment along with the more robust theme-based activity segment and features animation combined with live action.
- The core activity segment is the same for the entire week of programs, but warm-up and health tips are varied.
- Host Slim Goodbody provides pertinent information, even a brief geography lesson, while encouraging physical activity appropriate for young students to do while standing by their desks. And, a health tip is provided at the end.
- The series was developed in cooperation with the American Association for Health Education (AAHE).

SC Hall of Fame Short – Gen. William Westmoreland

Access online in *StreamlineSC* (Unlimited rights)

These programs have been produced as part of ETV’s SC Hall of Fame project. The third program is the story of General William C. Westmoreland, an Eagle Scout from Spartanburg County who earned medals for bravery in World War II and became a Four-Star General and Military Commander of Allied Forces in Vietnam from 1964-1968. Historians, family and friends remember the uncompromising values of the man behind the four stars. Dr. Andrew Birtle, Military Historian with the Center of Military History in Washington, D.C., General Mick Zais, SC Superintendent of Education, and James Ripley “Rip” Westmoreland, the General’s son, all provide insight into the life of this famous South Carolinian as we see photographs from the General William C. Westmoreland Collection at the South Caroliniana Library at USC and special footage from the ETV archives.

Other programs in this series include South Carolina astronauts Bolden, McNair and Duke and famous South Carolinians who served at the Alamo. Find all of these online in *StreamlineSC*.

ETV's Carolina Stories – Popular Series about SC Ghosts!

Produced by ETV, these programs in the Carolina Stories series are interesting to share with students so they can learn more about our state, its history and even ghosts and legends! Access online in *StreamlineSC* (All with unlimited rights)

- **Carolina Stories: Ghosts and Legends** tracks the legends and lore from South Carolina's past in this haunting journey from the Old Exchange Dungeon in Charleston to the Abbeville Opera House in the Upstate. Search for the Lands End Ghost that walks the Carolina coast and maybe the most famous of all, the Lizard Man of Scape Ore Swamp. Produced and directed by William Richardson.
- **Carolina Stories: Ghosts and Legends of South Carolina II** is the second episode in the annual series of stories produced by William Richardson that takes a spine-tingling look at the Palmetto State's ghosts, legends and other chilling mysteries. From the scenic Upstate to the moss-canopied streets of the Coast, ETV goes on hair-raising jaunts through cemeteries, a college bell tower, a haunted railroad, and other fascinating sites, uncovering the stories that have captivated listeners for decades.
- **Carolina Stories: Ghost and Legends of South Carolina III** explores two famous ghosts with roots on Pawley's Island, "The Gray Man" and "Alice of the Hermitage." The program also investigates Bubba the Ghost at the South Carolina State Museum and the ghosts of the University of South Carolina's Longstreet Theatre. The ETV crew goes back to Charleston to unearth tales of buried treasure and other legendary pirate stories. Produced and directed by William Richardson with Gary Stevens from ETV Upstate.

KNOWITALL NOTES

Knowitall.org

Visit **A Natural State** on Knowitall.org. <http://www.kn>

A Natural State explores how people express a love for nature by shaping, twisting, carving, and weaving materials collected from the landscape. Some of the arts and crafts featured in **A Natural State** reveal the cultural heritage of our state, while others employ concepts from the world of modern art. What unifies the artists is their unique bond to the natural world - where a hike in the woods, a backyard picnic, or a walk in the park provides materials and inspiration for a work of art. By examining the materials, artwork, landscape, and artist, we learn how to create our own sense of place, a unique picture of how we shape the land and community as they shape us.

The Featured Artists section takes a look at "natural" artists across the five landforms of the state – the blue ridge, piedmont, sandhills, coastal plain, and coastal zone. Videos, text, and photographs explore the inspiration, materials and process behind their work, while providing "how-to" guides for students and teachers who would like to work within the artist's medium and form.

The Students section provides aspiring young artists with a virtual museum to display work that uses materials and inspiration from their "neck of the woods."

The Folklife Resource Center is a reference tool and online catalog developed in partnership with the McKissick Museum of the University of South Carolina. Many of the museum's videos, photographs and research documents related to the folk life and arts of South Carolina are available online through this growing collection of assets.

The Teacher Resources section provides lesson plans and standards correlations for the Arts, Language Arts, Science, and Social Studies curriculums.

Programs for Teens Address Important Choices

These special programs address safe choices by teens to help inform them about the choices they make in relationships, bullying and other unsafe behaviors such as drinking, gang activities, using drugs, and eating disorders. Please alert your high school counselors to these resources and access them online in *StreamlineSC*. (All with unlimited rights)

- **Wexford Series** – These five 23-minute programs explore abuse in teenage relationships, bullies, peer pressure, anger and alternatives to aggression and violence, criticism, and striving for perfection. Problems are resolved in a positive way, ultimately finding workable solutions.
- **Think Twice** – One 22-minute lesson, which was produced by ETV with DJJ. Three teens who found themselves behind bars talk to fellow teens about the choices they made and what they would have done differently.
- **Grave Decisions** – One 55-minute program produced by ETV in partnership with the SC Department of Public Safety and the SC Commission on Prosecution Coordination. This provocative program explores three separate cases in the state where teenagers were drinking and driving. Aired for the first time on ETV in April 2001. Please preview before use with students. (Prog. 2 **Teen Survival Programs** series.)
- **Keep It Real** – One 25-minute program produced by ETV in cooperation with Project READY (Realistic Education About Dying Young). It educates teens on the harsh realities of risk-taking behavior such as not wearing seatbelts, violence, drug abuse, speeding, and drinking and driving by following teens through Project READY at a level one trauma center. Not intended for audiences under 14. (Prog. 1 **Teen Survival Programs** series.)
- **Gangs: It's Your Life** – Three 22 to 28- minute programs provided in the eMedia schedule and in *StreamlineSC*. These programs examine why youths join gangs and the unfortunate consequences of gang life.

Palmetto's Finest 2013 Repeats

Repeats April 9, 8:00-8:23 a.m. IMC (Unlimited rights)

The program that aired March 11 when South Carolina schools were selected for the Palmetto's Finest Awards in a special presentation program held this year at ETV will repeat. This prestigious award is celebrating its 35th anniversary of recognizing schools that offer the best in innovative, effective educational programs.

Speaking of Schools – Radio Series Produced by SCDE

Speaking of Schools, the ETV Radio series produced by the State Department of Education and coordinated/hosted by Doug Keel, can be accessed on the Web by clicking the “podcast” button at the SCDE Web site www.ed.sc.gov or going to www.sctv.org/speakingofschools. Join Doug Keel to learn about key educational topics that are important to all education stakeholders in our state. A new **Speaking of Schools** program is posted by 3:30 p.m. on Mondays each week. This format allows listeners to access this important and informative program anytime from anywhere . . . 24/7. And, all programs are archived on the site for your continued use! The SOS short “minute” modules continue by broadcast on ETV Radio. To contact Doug, e-mail him at dkeel@ed.sc.gov.

April 9, 2:00–3:15 p.m. IMC Also online in *StreamlineSC*
Repeats April 16, 2:00–3:15 p.m. IMC (Unlimited rights)

The April edition of Carolina Careers will share great information and resources to assist you in your work! The second in the series of Career Cluster Panels will highlight this month's Carolina Careers with the "Transportation, Distribution, and Logistics." You'll learn much on the great opportunities we have in this cluster right here in the Palmetto State.

Pee Dee's Regional Career Specialist, Crishell Johnson-Bass will host Florence One's Southside Middle School career specialists Michael Stokes as he and US Army's CPT Shawn Fitzgerald explain how they delivered Michael's "Military Career pathways 101" course project at this school. Learn how the three of them partnered to deliver a school-based military day and an exciting field trip to Ft. Jackson to help students learn about postsecondary opportunities in today's military

We'll also visit Lexington Technical Center to take a look at their first class Fire and Public Safety programs. Dr. Davis will share information on the "2013 Military Career pathways 101" course scheduled for June, as well as three things to do in April to prepare now for 2013-2014. Updates on the Spring Office of Career and Technology Education Spring Meeting and the exciting 2013 Education and Business Summit will be provided. Don't miss this month's Carolina Careers!

Special Repeat - Blue Print for Quality Elementary World Language Programs – *Implementing the Immersion Option (Module 3B)*

Repeats April 16 and 23, 1:00-2:00 p.m. IMC (Unlimited rights) Also online in *StreamlineSC*

The **Blue Print for Quality Elementary World Language Programs** series aired in 2010-11. This program was the fifth module entitled *Implementing the Immersion Option (Module 3B)* and it aired initially in February 2011. This module outlines key issues concerning the immersion program options such as selection of content areas and materials. Issues such as scheduling, teacher recruitment, professional development, and workload will be addressed as related to the immersion program model. The TLLC series is coordinated by Ruta Couet, SCDE World Language Consultant. For more information on content, contact Ruta at rcouet@ed.sc.gov.

TechBytes – Blogging Program Repeats

Repeats April 10 and 17, 1:00-2:00 p.m. IMC (Unlimited rights) Also online in *StreamlineSC*

The October 2012 program focusing on “BLOGS” repeats! **TechBytes**, a NEW eMedia professional development series, focuses on showing teachers how to integrate technology into their classrooms. Coordinated and hosted by eMedia’s Michelle Flamos, this program features online journals, better known as “BLOGS”. Kathy Schrock, an online instructor for Wilkes University and former school district Director of Technology, will be with us to discuss her take on the use of blogs in education. We visit Kathy Schrock’s Kaffeeklatsch (<http://blog.kathyschroick.net>) and hear her take on integrating blogging into the classroom as we discuss the resources located on her blog.

Then we head to Spartanburg School District Seven where we will hear from a Media Specialist that has created a blog as a resource and we also visit a teacher within the district that has incorporated blogging into the classroom. Learn what the advantages of blogging are, how to get them going and hear how they have impacted learning. The “BookBytes” segment features two books *Blogging in the Classroom*, a teacher created resource, and *Classroom Blogging* by David Warlick. We will also post on *StreamlineSC* some additional resources that will help guide you in getting started.

Missed the premier of **TechBytes**? Well ... no worry. **TechBytes** is posted to *StreamlineSC* not only as a WMV file but is also posted in MPEG4 format, so that you can watch it on your mobile devices and iPads. For information, please contact Michelle Flamos at mflamos@ed.sc.gov.

Special Education Updates – Assistive Technology

Repeats April 1, 3:00-3:45 p.m. IMC (Unlimited rights) Also online in *StreamlineSC*

The March edition entitled **Universal Design for Learning and Assistive Technology – Providing Accessible Instructional Materials** repeats. The Assistive Technology team in the Office of Exceptional Children will review the many free or low-cost assistive technology supports for students with disabilities or those who struggle academically. Join Mark Daniels, M.Ed.; Valeska Gioia, Ed.S.; and Kathleen Heiss, M.Ed., ATP, to learn about resources that can be implemented in the classroom on a daily basis with little effort. Students who have experienced failure in academics may become increasingly motivated when they realize what tools can help them to achieve academic success. Also, the Universal Design for Learning (UDL) concept for all learning styles and Accessible Instructional Materials (AIM) will be addressed. This SCDE series is coordinated by Tarry McGovern in the Office of Exceptional Children. For more information, contact him at tbmcgove@ed.sc.gov.

Evaluating Instructional Materials – Important Repeat

Repeats April 2, 11:00 am-12:00 pm IMC (Unlimited rights) Also online in *StreamlineSC*

Presented by Cathy Jones-Stork, Team Leader in SCDE's Office of Teacher Effectiveness, this program that aired for the first time in March 2013 provides viewers with an overview of the state's instructional materials adoption process. Guidance for the appropriate review of the K-8 mathematics materials, in order to ensure alignment to the Common Core State Standards for mathematics, is also discussed. Please plan to access this program for your administrators and K-8 educators, especially mathematics teachers. For more information on content, contact Cathy at cjones@ed.sc.gov.

Gender in the Classroom – Overview Repeats

Repeats April 25 and May 2, 1:00–1:40 p.m. IMC (Unlimited rights) Also in *StreamlineSC*

When it comes to differentiating instruction, many educators fail to consider gender as a factor. Gender differences, however, can have a profound impact on teaching and learning. This special program provides an overview of common gender differences and provides instructional strategies to motivate and engage male and female learners. It aired initially in September 2012.

Montessori on the Move in SC – Special Repeat

Repeats April 1, 12:00-12:31 p.m. IMC (Unlimited rights) Also online in *StreamlineSC*

This program aired in October 2012 and is repeated this month. Special guests Barbara Ervin from Lander University and Missy Sawyer from Logan Elementary join Katie Golfus, former SCDE Coordinator for Montessori in the Office of School Transformation, for an interesting discussion as they analyze footage of Montessori teachers in action! Montessori teachers of all levels are invited to access this program as an opportunity to think critically about teaching and learning in the Montessori environment.

School Health, Nutrition & Physical Activity – Making IT Happen! “Tools for Healthy Schools” Repeats

Repeats April 18 and 25, 11:30 a.m.-12:30 p.m. IMC (Unlimited rights) Also in *StreamlineSC*

New Tools for Healthy Schools! This NEW program will provide an overview of several new tools produced by the Centers for Disease Control and Prevention that can be utilized by districts and schools to improve school health programs. Tools to be discussed are the new CDC School Health Guidelines for Promoting Healthy Eating and Physical Activity, the new 2012 School Health Index, the Health Education Curriculum Analysis Tool, and the Physical Education Curriculum Analysis tool. We'll hear an overview of the tool, get suggestions for use, and learn how to obtain the tool as well as get training and technical assistance. This session will benefit district and school level staff responsible for implementing coordinated school health, wellness policies, health education, physical education, HIV/STD and teen pregnancy prevention, and obesity prevention programs. For more information on content, please contact Lynn Hammond, SCDE SC Healthy Schools, at lhammond@ed.sc.gov.

SC State Museum – Resources for Educators ... Repeat

Repeats April 24 and May 1, 2:00-3:00 p.m. IMC (Unlimited rights) Also online in *StreamlineSC*

This special series is a partnership production of the SC State Museum, the SC Department of Education and ETV, which is designed to give South Carolina educators the opportunity to learn about what is available at the museum to support their classroom lessons.

In this program that aired initially in September 2012 entitled “SC State Museum 101,” Tom Falvey, Education Director at the SC State Museum, helps teachers discover what the State Museum offers for all educators to use! Find out about our classroom activities and docent-led tours, as well as self-guided lessons you can schedule for your groups. Museum curators will introduce you to their respective floors and identify some of the must-see artifacts and specimens on each floor, as well as outside of the museum. For more information, please contact Tom at tom_falvey@scmuseum.org.

Special Professional Development Programs Online

The first two programs aired on the IMC in March 2013 and the PBIS program was provided in fall 2012. Please access them now in *StreamlineSC*. (Unlimited rights)

• How to Enter Work-Based Learning Data in PowerSchool

Presented by Sherry Williams, EEDA Team Career Specialists Liaison and Personal Pathways to Success Alternative Schools Liaison in SCDE’s Office of Student Intervention Services, this short professional development program will provide information on how to access the Work-Based Learning training, what information is necessary, and provide a link to the WBL manual, which gives detailed information about the nine types of ELOs, PowerSchool screenshots and specific details for each required entry. Work-Based Learning (WBL)/Extended Learning Opportunities (ELOs) are crucial to the career development process for students. WBLs (the CATE term) and ELOs (the EEDA term) are identical and the terms can be used interchangeably. In accordance with the “South Carolina Education and Economic Development Act,” all students in grades six through twelve must be offered an opportunity to participate in an ELO and data must be collected for ALL students participating in Work-Based Learning experiences. This information should be compiled for each experience completed. The Work-Based Learning (WBL) fields in PowerSchool have been designed to collect information on up to our experiences that the student participated in throughout the school year. In order to properly account for all extended learning opportunities (ELOs), they must be entered into the WBL component of the Pearson PowerSchool system. For more information on content, please contact Sherry Williams at swilliams@ed.sc.gov.

• Health Education Curriculum Guide Training

Presented by Christine Beyer, Ph.D., SCDE Office of Teacher Effectiveness, this program provides information on the Health Education Curriculum Guide. The first edition of the guide, published in 2012, compliments and supports the 2009 Health and Safety Education Standards. It provides instructors with grade level, essential questions, lessons ideas, assessment strategies, and resources that are aligned with specific performance indicators in each of the health education standards.

For information, please contact Dr. Beyer at cbeyer@ed.sc.gov. The guide can be accessed from the SCDE Web site: <http://ed.sc.gov/agency/se/Teacher-Effectiveness/Standards-and-curriculum/documents/CHECurriculumGuide12-12.pdf>

• PBIS Overview

Coordinated and hosted by Christy Scruggs, formerly with the SCDE Office of School Transformation, this program is recommended for all educators! Joining Christy for an important discussion about PBIS (Positive Behavior Interventions and Support) is Dr. Mitch Yell who is the Fred and Francis Lester Palmetto Chair of Education at the University of SC. This presentation provides a brief overview of PBIS and the history behind it. Also, the discussion addresses the importance and answer the question of why PBIS is important.

Content Knowledge for Teachers – NEW PD for Math

Access online in *StreamlineSC* (Unlimited rights)

This professional development series entitled *Content Knowledge for Teachers* was developed by Mary Ruzga, SC Department of Education's Office of Teacher Effectiveness.

SC Chronicles Series – SCTV Teacher Recertification Courses

Go to www.sctv.org/education/emedia for content details and registration.

One-hour/20 renewal credits Cost: \$50.00 per one-hour course

Summer Session: July 10 – September 4 (Registration open June 19 through July 3)

The **SC Chronicles Series** of five courses, each for one hour renewal credit, will enhance the teacher's understanding of SC history and add a repertoire of material to use in the classroom. The video sessions focus on integrating SC history into the social studies curriculum. As participants gain a greater understanding of the history, they will be able to teach state curriculum standards with an updated historical knowledge of South Carolina history. [All class meetings will take place through online learning. The facilitator and participants will communicate via Moodle — the course platform on the Internet. Assignments and discussion forums will be facilitated in Moodle.](#)

SC Chronicles Series I: Geography, Native Americans & Colonial Period

Noted South Carolina historian Dr. Walter Edgar discusses key issues in early SC History. Experience an archeological adventure at the Topper dig site in Allendale County, learn about the rise and fall of rice-growing and its impact on the state and find out the true tales of treachery and villainy that occurred off the coast during the Golden Age of Piracy. You will also virtually visit sites around the Palmetto State and learn about their historic and special relevance to South Carolina today.

SC Chronicles Series II: The Winds of Discontent

Noted South Carolina historian Dr. Walter Edgar discusses three key issues in early SC History: The winds of discontent in SC, The American Revolution in the Low Country and The American Revolution in the Up Country. Learn about Francis Marion's partisan campaigns during the American Revolution in SC and the historical importance of the Battle of Camden. You will view programs about SC heroines who have shaped our history and virtually visit sites around the Palmetto State to learn about their historic and special relevance to South Carolina today.

SC Chronicles Series III: Post Revolutionary

Noted South Carolina historian Dr. Walter Edgar discusses key issues in early SC History: Life and Culture in the New States 1786-1808, The Antebellum Period 1793-1822 and Southern Discontent 1830-1860. Participants learn about Charles Pinckney, the Forgotten Founder who contributed to the birth of our nation and the construction of the Santee Canal, considered the first "true" canal in this country. Participants will view a program about the Grimke Sisters who spoke out at an early age against slavery and virtually visit sites around the Palmetto State to learn about their historic relevance to SC today.

SC Chronicles Series IV: Civil War

Noted South Carolina historian Dr. Walter Edgar discusses key issues in SC History. South Carolina and the Civil War are discussed in three lessons: Secession from the Union, Beginning of the Civil War and Civil War in South Carolina. Participants will learn about political events, personalities, military campaigns, participation of African Americans, and the upheaval of this period in SC. We will visit the SC State Museum as they focus on the 150th anniversary of the start of the Civil War and the course also includes *The Story of Mary Boykin Chestnut* and her writings, which became "A Diary from Dixie."

SC Chronicles Series V: Art and Culture

Noted South Carolina historian Dr. Walter Edgar discusses key issues in SC History. SC art and architecture are discussed: 1) Art and Architecture, 2) Frontier, 3) Art and Purchasing, 4) Colonial Education. SC music and musicians are discussed: 1) Southern Music, 2) Blending of Musical Cultures, 3) Spoleto Festival, 4) Opera Houses and Theaters. The course includes programs from the *SC State Museum Resources for Educators* featuring exhibits of SC pottery, stoneware, baskets, and quilts. Included are highlights from the Holcombe family stoneware collection, ranging from exquisite pottery from the old Edgefield district, the highly-recognized slave potter Dave and South Carolina Silver: Varieties in Society, 1750–1910. The course will also explore the work of local authors and artists and virtually visit Brookgreen Gardens, a National Historic Landmark located on the coast of South Carolina and the Gullah-Geechee Cultural Heritage Corridor.
